OBJECTIVE

Full-stack developer with experience in building dynamic web applications using the MERN stack. Proficient in front-end and back-end development, with a strong foundation in core Java. Seeking to leverage technical expertise in a challenging role to contribute to impactful projects.

EXPERIENCE

• AUGMETIC INFINITE LLP

JUN 2024 - JUL 2024

ReactJS Developer

Ahmedabad, Gujarat , India

Tech Stack: [React js, Bootstrap]

- Developed and maintained the Hotel Guest Management System, a software application designed to streamline hotel operations.
- Implemented key features such as guest profile management, real-time room availability tracking, and integrated payment processing.
- Collaborated with the hotel staff to optimize the admin interface for managing guest reservations, room assignments, check-ins, and billing.
- Utilized React.js for front-end development, integrating it with a Node.js and MongoDB backend, and styled with Tailwind CSS.

PROJECTS

• Medical Scheduling System

Tech Stack: [MERN STACK, Tailwind CSS]

[ Source Code]

- A full-stack hospital management system to automate appointments, manage patient data, and provide an admin interface for managing doctor profiles and schedules. Integrated real-time appointment booking, and used MongoDB to store patient and appointment data.

• Bookstore

Tech Stack: [MERN Stack, Tailwind CSS]

[ Source Code]

- Built an online bookstore where users can browse books and view detailed information. Implemented functionalities for adding and updating book listings, with a responsive front-end developed using React. The back-end APIs were built with Node.js and Express, while MongoDB was used to store book data.

• Portfolio

Tech Stack: [React js, Tailwind CSS]

[ Source Code]

- A personal portfolio to showcase skills and projects. The site is responsive and includes sections such as About, Skills, Projects, and Contact, with interactive UI components developed using React.js and styled with Tailwind CSS. You can preview the portfolio live [here](#)

SKILLS

- **Languages:** Java(Basic), Javascript
- **Web Technologies:** HTML, CSS, Node.js, Express.js
- **Database Systems:** MongoDB, SQL
- **Tools:** Visual Studio Code, Postman, IntelliJ Idea
- **Frontend:** React.js, Tailwind CSS

EDUCATION

• Gujarat Technological University

2021-Pursuing

B.E. Computer Engineering

Gujarat, India

- CGPA:7.85 /10

• Sarv Vidhyalay School

2019-2021

HSC - In GSEB

kadi, Gujarat , India
